

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

TO

FRANCIS DE PAULA ROCHA PINTO, Esq.

THIS WORK

IS MOST RESPECTFULLY INSCRIBED,

BY HIS OBLIGED FRIEND,

J. P. AILLAUD.

TO THE READER.

AS the compiler of this Work has been entirely destitute of all help that might have been expected from other Dictionaries of the English and Portuguese languages, it has been attended with much difficulty, and unavoidable delay. There was, indeed, a thing called a Portuguese and English Vocabulary published many years ago, of which I scarcely know how to speak, lest to those, who are unacquainted with it, I might appear unjust in my account. I shall only say, what every one, who will compare it with the following work, must be convinced of, I say with truth, that it has not been to me of the smallest use.

The only dictionary from which I have received great assistance has been that of the learned and laborious Blateau, who spent above thirty years in collecting words, proverbs, and phrases, from upwards of two thousand volumes, for his Portuguese and Latin Dictionary. But even in this work, besides its deficiency of many words, my hopes were often disappointed. Blateau himself confesses that he does not understand the true meaning of many words, or that he cannot find the Latin word answering to the Portuguese, and brings oftentimes only a quotation wherein the Portuguese word is found, in order to explain it, but to no purpose; so that one may say, "*Sicut tenebræ ejus, ita et lumen ejus.*"

Such have been the obstacles which have both rendered my task in a particular manner arduous, and retarded the publication of the present work: in the execution of which I endeavoured,

- I. To make it as copious as possible.
- II. To exemplify the different significations of the same word in both languages with such accuracy and clearness, as might give a perfect and distinct knowledge to the learner, of their true genius and idioms.
- III. Generally to authorise, in the Second Part, the words by the names of the principal English writers, in whose works they are found.
- IV. To point out the ETYMOLOGY of many Portuguese words from other languages, not omitting even the Arabic and Persian.
- V. To insert a considerable number of technical words.
- VI. To indicate the Portuguese and English words that are either obsolete, or little used; and those that are only poetical.

Finally, the reader will find inserted in their proper places, all words that have crept into the Portuguese language from the conquest of that nation, and its commerce upon the coasts of Asia, Africa, and America: especially the terms of *coins, measures, offices, titles*, &c. which are used in those parts of the world, or are to be met with in the Portuguese books containing travels through Ethiopia, Arabia, Persia, and other remote countries.

Such has been the plan of this work, in the compiling of which the Author has for years laboured with diligence, and he hopes with success.

August, 1773.

ANTONIO VIEYRA.

ADVERTISEMENT TO THIS NEW EDITION.

THE Dictionary of M. Vieyra, of the Portuguese and English Languages, which was originally published in 1773, having passed through several impressions, without any material alterations, except in the orthography, which was greatly amended in the last edition. Since the above period the great improvements which have taken place in the Portuguese Language, particularly in Commercial, Nautical and Military concerns, have induced the Proprietors of the Work to spare neither pains nor expense to have it carefully revised and improved throughout, and I was invited to prepare a new Edition, with such Improvements as I might think would render it more worthy the acceptance of the public.

To enable me to perform this task with propriety, I deemed it right to consult, and avail myself of **EVERY DICTIONARY OF ESTABLISHED CHARACTER**, as well as **EVERY APPROVED WORK OF SCIENCE OR ART**, which had been produced since the date above mentioned. The result of unre-mitted labour in this particular has been, that I have not only introduced into the present Edition more than **TWELVE THOUSAND NEW ARTICLES**, but very materially, (as, I trust, will appear,) corrected and improved the work of the original compiler; paying especial attention, throughout, to the **ACCENTUATION** of the Portuguese language.

An undertaking of this kind, always tedious and irksome, is rarely rewarded either by profit or fame. The principal object of my exertions, however, has been, to render a service to the public: I shall therefore think no recompence more estimable, than the honour of its approbation.

London, Dec. 3, 1812.

J. P. AILLAUD.

A

Portuguese and English DICTIONARY.

P A R T I.

CONTAINING

The Portuguese before the English.

A

A

A

A, s. m. the first letter of the Portuguese alphabet, as well as of every other, except that of the Ethiopians, where, according to Lupton's Grammar, it is the thirteenth.

A, among the ancients was a numeral letter, that stood for 500; as it is mentioned by Bionius and others.

Por. idet A numeros quingentos ordine recto. But when they put a little bar over it (A) then it marked 5000.

A. B. art um bachalanreus, *bachelero em artes*; bachelor of arts.

—**A. D.** Anno Domini, *no anno do Senhor*; in the year of our Lord, **A. M.** artum magister, *mestre em artes*, master of arts.

A, the feminine article, ex. *A mãe*, the band; *a mulher*, the woman; *as mães*, the hands; *as mulheres*, the women, &c.

A is also an indefinite article, which marks the dative case, either singular or plural; ex. *A mim*, to me; *a vós*, to you, &c.

A is sometimes a preposition denoting the place whither one is going; as, *eu vou a Londres*, I go to London.—*Voltar a Portugal*, to return or go back to Portugal, *Elle partio a Goa*, he departed for Goa.

A' and **as** are also particles used

in many different senses, as you may see in the following examples. **A'** and **ás** denote time, as, *chegar a tempo*, ou *a horas*, to arrive in time. *A que horas estareis vós lá?* at what hour or time will you be there? *A's horas que for preciso*, in due or good time, at the time appointed. *Estár á sua vontade*, to be at one's ease. *A'direita*, on the right hand; *A' esquerda*, on the left hand. *Viver á sua vontade*, to live to one's mind, or as one likes. *Andar a pé*, ou *a cavallo*, to go on foot, or on horseback. *Correr á redde solta*, to ride full speed. *Trajar á Francesa*, to dress after the French way. *Viver á Inglesa*, to live after the English fashion. *Andar a grandes passos*, to walk at a great rate. *Andar a passos lentos*, to walk very slowly.

A denotes also the price of things; as, *a oito refus*, at eight shillings. It denotes also the measure; as, *medir a palmas*, to span or measure by the hand extended.

A's denotes also the weight, as, *ás onças*, by the ounce. *A' razão de seis por cento*, at the rate of six per cent.

When **a** is preceded by *daqui*, and followed by a noun of time, it denotes the space of time after which something is to be

done; as, *el rei partirá daqui a três dias*, the king will set out three days hence. *Trabalhar á candlea*, to do any thing by candle-light. *A'agulha*, with the needle. *A dur á vela*, to sail, to be under sail. *Jogar á pela*, to play at tennis. *Jogar ás cartas*, to play at cards. *A seu gosto*, as he or she likes, or as you like. *A seu modo*, after his, or her way, or after your way.

A is also put before the infinitives, preceded by another verb, as, *ensinar a cantar*, to teach to sing; *ir a dormir*, to go to sleep.

A is also placed between two equal numbers, to denote order; as *dois a dois*, two by two; *quatro a quatro*, four by four. *Se eu fosse a vós, faria aquilo*, if I was you, (in your place) I would do that.

When **a** is placed before *casa*, and the sense implies going to, it is Englished by *to*, but the word *casa* is left out in English; as, *elle foi a casa do governador*, he went to the governor's. *A respeito do*, or *da*, *dos*, or *das*, in comparison of, in regard to, in respect of; as *isto não he nada a respeito do que posso dizer*, this is nothing to other things that I can say.

A propózio, is used in familiar

discourses; as, *a propósito, esquecime de dizercos o outro dia*, &c. now I think on't, I forgot to tell you t'other day, &c. *A's avessas*, quite the reverse, or contrary. *A tiro de peça*, within cannon-shot. *Cara a cara, corpo a corpo*, signify face to face, body to body. *Tomar huma cousa á boa ou á má parte*, to take a thing well or ill. *A pesar*, in spite. *A título*, under colour, under the pretence.

A sometimes is *with*; as, *d'fenderão-se a unhas e dentes*, they defended themselves with their nails and teeth.

A is also Englished by *against*; as, *ella tournou-se á criada*, she turned herself against the maid.

A sometimes is *for*; as, *guardava o céu a Manoel tão ardua empresa*, heaven reserved so hard an undertaking for Manoel.

A sometimes is *in*; or *according to*; as *a juizo do cirurgião*, in the, or, according to the surgeon's opinion. *A vinte leguas daqui*, twenty leagues off.

A is also *by*; as *á força de braços*, by strength of arms; *ás dentadas*, by mouthfuls, by bites of the teeth.

A is sometimes left out in English; as, *dize a Maria, a Pedro*, &c. tell Mary, Peter, &c.—*Que estais a dizer?* What do you say?

A is also *a*; as, *ir á caça*, to go a shooting.

A is also *upon*, as *levai-o á cabeça*, carry it upon your head; *às costas*, upon one's back, or shoulders.

A, in reckoning games, is used in this manner; *cinco a cinco*, five all; *seis a seis*, six all; *tres a quatro*, three to four; *quatro a nada*, four love.

A, and *as*, are very often used with a noun adverbially, as *A peça*, hastily. *A' mão*, near. *A' falsa fé*, treacherously. *A's escuras*, in the dark. *A's cegas*, blindfold. And many others, which you will find where we shall show the significations of the words, which are preceded by these particles.

A sometimes is joined to some words, so as to make but a single word with them; as, *acinte, alerta*, &c. Therefore you must look for these words in their alphabetical disposition.

A is also a pronoun relative, it or her; as, *vendo-a*, seeing it, or her; *vendo-as*, seeing them; *elle*

amava-a-muito, he did love her very much; *se elle a quizer*, if he will have it or her.

N. B. These are the principal senses in which the particle *a* is used; but there are many others which can hardly be brought under any particular rules. You will find them all, however, in the course of this Dictionary.

Aamôuco. See **Amouco**.

A'ba, s. f. (the extremity of any thing) edge, side, brim, a border.

Aba, the skirt of a garment, part of a garment below the waist.—

Tomar as abas na cinta. See **Tomar**. *Abas do telhado*, the

eaves of a house which keep the walls from rain, a penthouse.

Aba, (speaking of hats) the brim of a hat. *Chapeo de Abas pequenas*, a narrow-brimmed hat.

Chapeo de Abas grandes, a broad brimmed hat. *Aba*, (speaking

of rivers) bank, shore, water-side. *Abado forro*, the ornament,

edge, border, or frame of the roof of a chamber. *Aba da fechadura*, a thin plate of iron, to

strengthen and fortify locks.

Aba, (metaph.) protection.

Abafar hum negocio, to murder a business

Abafar a terra, to harrow or break the clods after the first

ploughing. **Abafar**, v. n. to swelter, to be pained with heat,

to be overlaid or smothered with too close covering. *Abafar-se*,

v. r. to cover one's self well.

Abafar-se, ou cobrir-se de nubes, to grow cloudy, to grow dark

with clouds.

Abáfas, s. f. pl. terror, fear.

Abáfo, s. m. *caza de abáfo*, a room adjoining a warm bath.

Abainhado, p. of the preterperf. t. of

Abainhar, v. a. to hem.—*Abainhar, hum lenço.* See **Embainhar**.

Abaixar. See **Abaxar**.

Abáixo. See **Abaxo**.

Abalada, s. f. ex. *seguir o coelho pella abalada*, (among hunters)

to follow the rabbit from his nest.

Abalado, adj. shaken, &c. See

Abalar.—*Estar abalado*, (metaph.) to be in readiness. Lat.

In procinctu stare. Also to give ground; Lat. *Labascere*.

Abalançar-se, v. r. to attack, to rush on suddenly.—*Abalançar-se ao perigo*, to run into danger,

to swing.

Abalar, or **Aballar**, v. a. to shake, jog, or stir; also to move, to

touch, to affect.—*Abalar alguém do seo proposito*, to fright one

from his purpose, and make him change his mind. **Abalar**, v. n.

to shake, or jog, to be loose. *Os dentes lhe abalaão*, his teeth are

loose. **Abalar**, to decamp, to march off, to go from the camp.

Abalar, (a vulgar w.) to run away, to brush away. **Abalar**

com os cachimbos, to scamper away, (a vulg. phrase) **Abalar-se**, v. r. to stir, to move, to wag.

Naõ vos abaleis de lá, do not stir from thence.

Abalizado, or **Aballizado**, surveyed, &c. See **Abalizer**.

Abalizadôr, s. m. a surveyor, or

measurer of lands, he who sets bounds to it.

Abalizer, v. a. to survey or measure lands, and set bounds to it.—*Homem abalizador*, (metaph.) wise and clever man.

Abalizado autor, an excellent author or writer, one of the better sort.

Abalizer-se, v. r. See *Assinalar*.

Abalar, s. m. shake, jerk, pull.

Abalar, s. m. the state of being shaken in mind.—*Abalar*, v. a.

Abalar, (metaph.) to attempt to move the affection.

Abalar, s. m. grief, uneasiness, trouble, fatigue, inconvenience, uneasiness.

Abalo, ou *ameaço* de queda. See *Ameaço*.

Abalar, v. a. to break in pieces; also to contend, to strive, or quarrel. It is used in Portuguese with the preposition *com*, with.—*Abalar*, v. a.

Abalar, v. a. to shake or dash.

Abalar, v. a. to shake or dash.

Abalar, v. a. to shake or dash.

Abalar, v. a. to shake or dash.

Abalar, v. a. to shake or dash.

Abalar, v. a. to shake or dash.

Abalar, v. a. to shake or dash.

Abalar, v. a. to shake or dash.

Abalar, v. a. to shake or dash.

Abalar, v. a. to shake or dash.

Abalar, v. a. to shake or dash.

Abalar, v. a. to shake or dash.

Abalar, v. a. to shake or dash.

Abalar, v. a. to shake or dash.

Abalar, v. a. to shake or dash.

Abalar, v. a. to shake or dash.

Abalar, v. a. to shake or dash.

Abalar, v. a. to shake or dash.

Abalar, v. a. to shake or dash.

Abalar, v. a. to shake or dash.

Abalar, v. a. to shake or dash.

Abalar, v. a. to shake or dash.

Abalar, v. a. to shake or dash.

thing.—*Abaratar* a victoria (metaph.) to get the victory without dearly paying for it, that is, without a great loss of people on his side.

Abarbado, a. adj. very near; also vexed, provoked, puzzled, &c. See

Abarbár, v. a. and n. to draw nigh, to come near; also to vex, to attack, to puzzle, to provoke; also to encounter, to face, to go to meet boldly.

Abarca, s. f. a sort of shoes worn by country people that live on mountains, or rocky places, made of raw skins of wild boars, cows, &c. and tied with strings.

Abarcadôr, s. m. forestaller, monopolist, monopolizer, an engrosser of a commodity.

Abarcár, v. a. to compass about, to environ, to inclose, to contain, to hold, to include.—*Abarcar com a mão*, to clasp, to hold with the hands extended. P.

Quem muito abarca, pouco abraça, all covet, all lose; all grasp, all lose. The Lat. say, *Plurima qui agreditur, nil apte perficit unquam*. *Abarcar*, to forestal, to monopolize, to engross a commodity. *Elles abarcam todo o negocio*, they inclose all the trade to themselves.

Abarcár com o pensamento, to understand, to perceive, (metaph.) *Abarcár alguma coisa antes que chegue ao mercado para vendê-la*, to forestal the market,

Abarregado. See *Amancebado*.

Abarregamento. See *Amancebamento*.

Abarregár-se. See *Amancebar-se*.

Abarreirár, v. a. to surround with walls.

Abarrisco, s. m. (a vulgar w.) ex.

Abarrisco de peixe, plenty of fish.

Abarroado. See *Teimoso*.

Abarroado, part: full, filled up.

—*Nave abarroado*, a ship quite loaded, a ship that cannot take any more cargo in.

Abarroar, v. a. to fill, to fill up.

Abassi, s. m. money used in Asia, the value of which is a little more than a shilling.

Abasta, v. imp. enough, or it is enough.

Abastadamente, adv. abundantly, largely.

Abastado. See *Abastar*.

Abastança, s. f. plenty, plenteousness, abundance

Abastár, v. n. to suffice, to be

sufficient, or enough.—*Isto não basta para seu sustento*, this is not sufficient for his subsistence.

Aquella quantia não pode abastar para todas as necessidades, that sum can't answer all the occasions. *Abastar*, v. a. to satiate, to satisfy, to fill, to nourish, or be nourishing. *Esta sorte de fruta, abasta*, this sort of fruit satiates, or is nourishing. *Homem abastado*, (metaph.) a man that has riches enough to live upon.

Abastecêr. See *Bastecêr*.

Abastecido. See *Bastecido*.

Abate, s. m. abatement. *Não quero dar nada de abate*, I won't

hate an inch, or a jot on't.

Abatêr, v. a. to debilitate, weaken, or enfeeble.—*Abatêr*, to hate, to

abate. *Abater alguma coisa do preço*, to abate something of the price. *Não quero abater nada*, I will not abate an inch or a jot of it. *Abater*, to pull, to bring down, to check, to humble.

Abater a soberba de alguém, to pull, or bring down one's pride.

Abater, to strike; ex. *Abater a bandeira*, to strike the flag, to

abase, to lower or take in the flag. *Abater*, to look, to cast downwards. *Abater os olhos*, to

look downwards, to cast one's eyes down, or downwards. *Abater*, to discourage, to put out of heart, to dishearten to dispirit. *Abater*, to impair, to lessen, to diminish. *Abater o crédito de alguém*, to clip the wings of one's fame, or to lessen his reputation. *Abater as cristas de alguém*, to bring down one's pride or haughtiness. N. B.

When in the sentence governed by this verb, no mention is made of any person but of that which is the nominative of the verb *abater*; then (if the same verb is taken in the two last significations) you must understand, his own, her own and their own. Ex. *Elle abateu a soberba*, he

brought down his own haughtiness. *Elles abatêrão o crédito*, they impaired their own reputation or credit. *Abater*, v. n. to

abate, to fall, to decrease. *O calor vai abatendo*, the heat begins to abate. *Abater-se*, v. r.

to fall, tumble, or shrink down. *O edificio está para abater-se*, the building is ready to fall. *Abater-se*, to be discouraged or disheartened, to lose courage, to despond, to weaken, to grow weak. *Abater-se*, to humble, to

abase one's self.

Abatido, a. adj. abased, humbled, disheartened, tumbled down, impaired, lessened, brought down, feeble, grown feeble, debilitated, decayed, &c. according to the v. *abater*.—*Abatido*, fallen in the price: also ravaged, laid waste.

Abatimento, s. m. decay, withering, failure, ruin.—*Abatimento*, submissiveness, humbleness.

Abaxár, or **Abnixár**, v. a. to pull, to bring or let down, to let fall, to lower.—*Abaxar a cabeça*, to bow one's head. *Abaxar dois pes de hum muralha*, to bring a wall lower by two feet. *Abaxar*, to humble, to abase, to make stoop, to cast down, to depress, to check, to debase. *Eu lhe abaxarei os fumos*, I shall make him stoop. *Abaxar*, to shorten, to diminish. *Abaxar a razão*, to shorten the allowance. *Abaxar*, v. n. to fall in price, or value, to abate; *As rendas das casas vão abaxando*, the rents of the houses begin to fall. *O calor vai abaxando*, the heat abates. *Abaxar huma voz, ou tom na musica*, to fall a note in music.

Abaxar, to grow mild, to fall, to come down in a figurative sense.

Abaxar-se, v. r. to fall, to sink, to decrease, to be laid.—*Os animos viz. Abaxaõ-se, e levantaõ-se á medida que a fortuna he favoravel, ou contraria*, mean spirits rise, or sink, as fortune smiles, or frowns. *Abaxar-se*, to humble one's self, to stoop, to cringe, to submit. *Abaxar-se a acçoens vis e indignas*, to stoop to sordid ungenerous practices.

Abaxo, or **Abaixo**, adv. down.—*Eu enio abaxo*, I fall down. *Vai abaxo*, go down. *Calças abaxo*, down with your breeches. *Alaxo com elle*, down with him. *Abaxo e acima*, up and down. *Ellè cahio pellas escadas abaxo*, he fell down stairs. *Alaxo com isso*, down with it. *Abaxo*, hereafter. *Abaxo prepos. under, or inferior*. See also *Depois*. *Sentouse abaxo dellas*, he sat inferior, or under them. *Logo abaxo*, next inferior to. *Assentou-se logo abaxo de mim*, he sat next inferior to me, or he was the next man to me. *De Cabeça abaxo*, headlong.

Abaciál, adj. belonging to an abbey, or abbot.

Abbadádo, s. m. the church that is governed by an abbot.

Abbáde, s. m. an abbot.—*Abbade commendatorio*, an abbot in commendam. *Abbade regular*, a regular abbot. *Abbade secular*, a secular abbot.

Abbáde. See *confessor*. obsol.

Abbadessa, s. f. an abbess.

Abbadessádo, s. m. abbotship.

Abbadia, s. f. an abbey.

Abbadinho, s. m. a little abbot.

Abbatina, s. f. the abbot's dress.—

Ander de abbatina, to dress as the abbots do.

Abbreviadôr, s. m. an abbreviator.

Abbreviádo. See *Abbreviar*.

Abbreviár, v. a. to shorten, to abbreviate, to abridge; also to cut short, to abbreviate; also to dispatch, to make a quick rid-dance of.

Abbreviátura, s. f. abbreviation, or short hand, also abbreviation, an abridgment or compendium. *Escritura feita por abbreviatura*, short-hand writing.

Abc, s. m. the alphabet, or criss-cross-row.—*Está apprendendo o A, B, C*, he is an A, B, C, scholar, or he is an abecedary. *Este he o ABC da mathematica* (figurat.) these are the first rules, elements, or rudiments, of the mathematics. *Cartilha do A, B, C*, a primer. *Dispor pela ordem de A, B, C*, to alphabet.

Abcêso, or **Abscesso**, s. m. an imposthume, an abscess.

Abdicãõ, s. f. abdication, resigning, forsaking, giving over.

Abdicádo, a. adj. See

Abdicár, v. a. to abdicate, to leave, to abandon, to forsake, to resign, to give over.

C.

C s. m. the third letter of the Portuguese alphabet.

C before a, o, u, and the consonants l, r, is pronounced as k, but before e and i takes the hissing sound of s, as well as before a, o, u, when there is a dash under it thus ç.

C before h is pronounced like sh in the English words shine, show, &c.

Double c is sounded only before e and i, the first with the sound of k, and the other with the hissing sound of s; as in *accidente*, accident, which is pronounced *aksidente*.

C is a Roman numeral letter, that stands for a hundred, according to this verse.

Non plus quam centum C, litera fertur habere.

When it is marked with a title, then it stands for one hundred thousand.

This letter, among the ancients was a mark of condemnation, and was called the fatal letter.

C, *sol, fa, ut*, the fourth note in the gamut, or scale of music.

Calatrava, a military order in Spain, instituted under Sancho III. king of Castile, when that prince took the strong fort Calatrava, from the Moors of Andalusia; he gave it to the templars, who, wanting courage to defend it, returned it him again. Dom Raymond, native of Bureva in Navarre, abbot of the monastery of St. Mary of Hytero, and of the order of the Cistercians, accompanied with several persons of quality and courage, made offer to defend this place, which the king thereupon delivered to them, and instituted that order in 1158, which increased so much under the reign of Alphonsus, king of Castile, that the knights desired that they might have a grand master, which was consented to, and the first was Don Garcia Randen. There are now about eighty commanderies of these knights in Spain, who at the beginning wore a white robe and scapulary, as the monks of the Cistercian order do. But pope Benedict XIII. dispensed with this garb, and Paul III. gave them leave to marry once.

Calçada, s. f. a pavement, the stones of a street or highway.—*Dinheiro para concerto das calçadas*, paviage.

Calçado, s. m. shoes, slippers, boots, &c. any thing that covers the foot and leg.

Escudeirar, v. a. to serve as an *escudeiro*. See

Escudeiro, s. m. the title given in ancient times to the noblemen now called *Fidalgos*; which see.—*Escudeiro*, so they formerly called him who, after a battle, had the honour of knight-hood conferred on him. See *Monarch. Lusit. tom. v. p. 76, 77, 86, &c.* *Escudeiro*, an usher, an esquire, a servant that waits on a lady or gentleman. They were formerly poor gentlemen that waited on the nobility, like our ancient esquires, and were so called from *escudo*, a shield; because they carried

their master's buckler or shield.

Escudeiro de linhagem, an esquire or servant that descends from other esquires or servants. *Porcos escudeiros*, (among hunters) the young wild boars, which are the first that come out of the woods. The name of *escudeiro* is now exclusively given to an upper servant; a valet.

Escudéla, s. f. a porringer.

Escudellado, p. of the preterperf. tense of

Escudellar, v. n. to take out portage in porringers. It is used in the following proverb:

P. no escudellar verás quem te quer bem, ou mal; that is, people's affections are discovered by their liberality.

Escudêta, s. m. a small escutcheon of arms.—*Escudêta*, scutcheon of a lock.

Escudo, s. m. a shield or buckler; also a sort of ancient gold coin formerly current in Portugal.—*Escudo de enxerto*, an escutcheon of graft. *Escudo de que usavaõ as Amazonas*, a very short buckler or target, in form of a half moon, used by the Amazons. Lat. *pelta*. *Escudo de que usavaõ os antigos Hespanhoes e os Africanos*, a sort of short square target or buckler, used by the Spaniards and Moors. *Copo do escudo*, the boss of a buckler or shield. *Escudo*, a scutcheon, or escutcheon, a coat of arms. *Escudo, commum*, the escutcheon of a lay-prince, or any lay-nobleman. *Escudo ovado*, an oval escutcheon, used by the ecclesiastical people. *Escudo en lisonja*, an escutcheon with a *lisonja*, that is, with a quadrangle, which is divided by a diagonal perpendicular to the escutcheon's base, without any thing in the triangle that is in the right side. It belongs to the *Infantas* of Portugal before marriage. *Escudo enxerquetado, jaquelado, or empequetado*. See *Enxadrezado*. *Escudo partido em palla*, escutcheon with a pale, which is one of the eight honourable ordinaries, representing a stake placed upright; we call it party per pale. *Escudo partido em farsa*, a scutcheon divided by a fesse, which is a band, or girdle, possessing the third part of the escutcheon over the middle; we call it party per fesse. *Escudo partido em aspa*, an escutcheon with a saltier which is

made in the form of a St. Andrew's cross; we call it party per saltier. *Escudo partido em franchada*, an escutcheon divided into two, from the upper corner on the right, to the opposite below; we call it party per bend. *Escudo esquartejado*, an escutcheon divided into four quarters. *Centro do escudo*, fess-point, the middle point of an escutcheon. *Escudo*, (in a moral sense) see *Amparo*, and *Protecção*.

Esculápio, s. m. (Poet.) a physician.

Esculpido, a, adj. See

Esculpir. See *Gravar*.

Esculpidor, s. m. the same as

Escultôr, s. m. a carver.

Escultura, s. f. a carved work, or the art of carving; sculpture.

Escuma, s. f. scum, froth, foam.

—*De espuma*, frothy, foamy.

Cor de espuma, ou que tem semelhança com ella, having the colour of, or resembling foam.

Fazer espuma, to foam, to gather into foam. *Converter-se em espuma*, to begin to foam. *Escuma*, dross, the recement or despumation of metals. *Escuma de ouro ou de prata*, litharge of gold or silver. *Escuma do mar*, sea-long, the froth of the sea.

Escuma, (metaph.) the baser sort, the mob, the scum. *Lançar espuma pela boca com ira*, to foam and fret, to be in a great passion. *Lançar espuma pela boca com dores*, to foam at the mouth with pain.

Escumadeira, s. f. a skimmer.

Escumado, adj. See *Escumar*.

Escumálho. See *Escoria*.

Escumar, v. a. to skim, to scum, to take off the scum.—*Escumar*, or *Fazer espuma*. See *Escuma*. *Escumar de ira*, or *Lançar espuma*, &c.; which see.

Escumilha, s. f. a small shot, used to shoot with a birding-piece; also crape of different colours, excepting black, which is called *crêpe*.

Escumoso, adj. frothy, full of froth or spume.

Escuramente, adv. darkly, obscurely.

Escúras, ex. *A's escuras*, in the dark.—*Deixar alguém as escuras*, to leave one in the dark; also to keep one in the dark (as in a business); (metaph.)—*Apalpar as escuras*, to grope, to feel in the dark.

Escurecedôr, adj. darkening, making dark.

Escurecêr, v. a. to darken, to be-night, to involve in darkness, to obscure; also to cast a mist, (speaking of a looking-glass). — *A acção de escurecêr*, darkening, obscuration, a making obscure. *Escurecer*. See *Deslustrar*, and *Desluzir*.

Escurecêr-se, v. r. to darken, to grow dark.

Escurecido, a, adj. darkened, &c. See *Escurecer*.

Escureza, s. f. the same as *Escuridade*.

Escuriál, s. m. a famous monastery in Spain, built by king Philip II. in the shape of a gridiron, in honour of St. Laurence; which takes its names from a village near Madrid. It contains the king's palace, St. Laurence's church, and the monastery of the Jeronimites, and the free schools.

Escuridade, s. f. darkness, obscurity. — *Escuridade da vista*, dimness, dulness of sight.

Escuridão, s. f. the same as *Escuridade*.

Escuro, a, adj. dark, obscure; also dark, obscure, or hard to be understood. — *Estrelas escuras*, (in astronomy) the less shining stars. *Que tem a vista escura*, dark-sighted. — *Camara escura*, (in optics) obscura camera, a room darkened all but one little hole, in which is placed a glass to transmit the rays of objects to a piece of paper, or white cloth. *Camara escura portátil*, dark tent, a portable camera-obscura. *Escuros* (in painting), shadow, or dark colours. *Escuro nascimento*, an obscure or mean birth. *Fas escuro*, it is dark.

Escusa, s. f. an excuse.

Escusação, s. f. excusation, excuse.

Escusado, a, adj. See *Superfluo*. — *Escusado*, that meets with, or suffers a repulse, repulsed. See also

Escusar alguma causa, v. a. to forbear, to make shift without a thing, not to want it very much. — *Escusar*, to spare, to save. *Eu vos escusarei aquelle trabalho*, I'll spare, or save you that trouble. — *Nam escusar huma causa*, to want a thing.

Escusar-se, v. r. See *Desculpar-se*. — *Escusar-se*, to decline, to shun, to avoid doing any thing. *Escusar-se alguma causa*, is for a thing not to be very much wanted.

Escuso. See *Aposentado*. See also *Livre*, and *Isento*. — *Escuso*, solitary, remote, unfrequented; also over and above unnecessary, serving to little or no use.

Escuta, s. m. a hearer, one that hearkens, a listener. — *Estar a escuta*, to listen, to hearken with attention. *Estar a escuta de baixo da janella de alguém*, to listen under windows: we say in common phrase, *to eaves-drop*. *O que assim esta a escuta*, a listener under windows, an eaves-dropper.

Escuta, s. f. a nun that stands by when another has leave to talk with any body, to hear all that is said. — *Escuta*, a subterraneous passage in the mines, or counter-mines, to listen to the enemy's motions.

Escutado, a, adj. See

Escutar, v. a. to hearken, to listen, to give ear to. *Escutar*, or *Estar á escuta*. See *Escuta*.

Escutar-se, v. r. to hear one's self speak, to have a formal slow way of speaking.

Escutador, s. m. one who listens or hearkens.

Esdruxolaria, s. f. singularity, any thing extraordinary, any thing curious.

Esdrúxolo, a sort of short verse which always ends with dactyles, or words that have the accent on the antepenultima, the two last syllables short. From the Italian *esdrúciolo*.

Esdrúxolo, a, adj. belonging to that sort of verse.

Esfacelo. See *Esphacelo*.

Esfaímado, a, adj. hunger-starved, or starved with hunger. See also *Cobiçoso*, and *Desejoso*, (metaph.)

Esfaímar, v. a. to famish, to starve, to hunger-starve.

Esfaíado, a, adj. quite wearied, or tired, out of breath, over-toiled. See

Esfaíamento, s. m. a disease that proceeds from being over-toiled, or from an immoderate use of venereal pleasures.

Esfaíar, v. a. to over-tire, to put out of breath.

Esfaíar-se, v. a. to overtoil, to be out of breath; also to dwindle away, to waste. (Speaking of wanton and lascivious people.) — *Esfaíar-se de correr*, to run one's self out of breath.

Esfarrapadinho, diminut. of **Esfarrapado**, a, adj. torn, rent, pulled in pieces, tattered, ragged. From *farrapo*, a rag. —

Esfarrapado, ragged, dressed in tatters.

Esfarrapár, v. a. to rend, tear, or pull in pieces. — *Esfarrapar hum vocabulo*, to divide a word into syllables, in order to make the analysis of the compound ones into primitives, which is wretchedly ridiculous; when words are restrained by common usage, to a particular sense, as Collier observes.

Esfatiado, a, adj. See

Esfatiar, v. a. to alice.

Esfera, s. f. a sphere, a round body, as a bowl (in geometry). Greek. — *Esfera*, (in geography and astronomy) any globe of the mundane system; also a globe representing the earth or sky. *Esfera pequena*, spherule, a little globe. *Esfera armillar*, or artificial, an armillary sphere. *Esfera do planeta*, (in astrology) sphere of a planet, the orb or compass in which it is conceived to move. *Esfera*, (among astronomers) sphere, the whole frame of the world. *Esfera direita*, sphere, direct, or sphere-right. *Esfera obliqua*, oblique sphere. *Esfera paralela*, parallel sphere. *Aprender a sciencia da esfera*, to learn the globes. *Esfera da actividade*, (among philosophers) sphere of activity of any natural body. *Esfera*, sphere, reach of power. *Por sobre huma esfera*, to sphere, to place in a sphere. *A modo de esfera*, spherically. *Esfera*, a sort of golden coin, formerly used in Portugal. *Esfera*, a cannon, or a piece of ordnance formerly used.

Esfericidade, s. f. sphericity, roundness, rotundity.

Esferóide, s. m. (Geometrical.) spheroid, a body oblong or oblate, approaching to the form of a sphere.

Esferóidico, adj. spheroidal, having the form of a spheroid.

Esfericamente, adv. spherically, in form of a sphere.

Esférico, a, adj. spherical. — *Redondeza esférica*, sphericalness, sphericity.

Esfinge, or **Esphinge**, s. f. Sphinx, a monster that poets feign was near Thebes; which had the head, neck, and breasts like a virgin, the body like a dog, the voice of a man, the claws of a lion, and the tail of a dragon.

Esfingites, a sort of precious stone, very like the jasper.

Esfolado, a, adj. See *Esfolar*.

Esfoladôr, s. m. a flayer.

Esfoladura, s. f. a flaying, a scratch, a place where the skin is off, excoriation.

Esfoladella, s. f. the same.

Esfolagato, s. m. (A jocose word.) See *Reprehensam*, and *Subterfugio*.

Esfolar, v. a. to flay, to strip off the skin, to skin.—*Esfolar hum coelho*, to uncase a rabbit.

Esfolar, (metaph.) to exact upon, as they do in cut-throat places.

- Fy'sica**, & deriv. See with *Ph.*

G.

G s. m. the seventh letter of the Portuguese alphabet. It has a double sound, viz. hard and soft. It retains the hard sound before *a, o, u, l, r*, as in *gala, golpe*, &c.; the soft sound resembles that of *J*, and is found before *e, i*, as in *genero, giria*, &c.—Sometimes they intermix the letter *u*, between the *g* and *e*, or *i*, as in *guerra, guia*, &c. and then the *gue* is pronounced as *gue* in the word *guest*, and *gui* like *gi* in the word *gift*.

Gúa, sounds almost like *gua*;—Ex. *Guarda*, pronounce *gwarda*.

G, in Latin numbers, signified four thousand, according to this verse;

G quadringentos demonstrativa tenebit.

G, with a dash, at top, signified forty thousand.

Gaança, s. f. obsol. Ex. *Filho de gaança*, a bastard.

 to geography.
Geographo, s. m. a geographer.
Geomancia, s. f. geomancy, a
 kind of divination by points
 and circles made on the earth,
 or by the opening the earth.
 (Greek.) — *O que sabe geoman-*
cia, a geomancer, one skilled in
 geomancy.
Geómetra, s. m. a geometrician,
 one skilled in the science of
 geometry.
Geometria, s. f. geometry; it
 originally signifies the art of
 measuring the earth, or any
 distances or dimensions on or
 within it; but now it is used
 for the science of extension
 abstractedly considered, with-
 out any regard to matter.
 (Greek.)
Geométricamênte, adv. come-
 trically. — *Fazer alguma cousa*
geomatricamente, to geometrize,
 to act according to the laws of
 geometry.
